

Thank you for requesting a candidate through the Assignment Committee of the Wisconsin Ev. Lutheran Synod. Your request for a graduate from our WELS seminary or college of ministry speaks to your confidence in the excellence of our ministerial training system.

The candidates who have come through Wisconsin Lutheran Seminary and Martin Luther College are presenting themselves for service in the church. They are well-trained in different disciplines, have earned various degrees, and are gifted by the Lord of the Church with talents and abilities that will serve well in different ministry settings. They offer themselves in service to the Lord Jesus and his Church, saying, "Here am I. Send me!"

Not every candidate is a fit for every call, and not every call is a fit for a given candidate. The Assignment Committee works together harmoniously, seeking to match the unique gifts of each candidate with the needs of the calling bodies requesting candidates. The Assignment Committee takes this responsibility very seriously and implores the aid and guidance of the Holy Spirit in carrying out this task. Calls may be left unfilled because suitable candidates are unavailable to fill them. Candidates may remain unassigned because there are not calls that fit their unique gifts and abilities. This may occur regardless of the number of candidates and calls available.

In today's calling environment, the number of call requests surpasses the number of candidates available to fill them. This inevitably means that some requests will go unfilled. Calling bodies requesting candidates should be aware of the strong possibility that their request might not result in a candidate being assigned. Calling bodies should be prepared with backup plans in place to cover ministry needs, in the event that they do not receive a graduate.

Moving costs

Moving costs should be included in the congregation's planning. Under provisions of the tax bill passed by Congress in 2017, moving expenses are typically no longer tax deductible. This means that any payment from the congregation either to or on behalf of an employee to cover moving expenses is counted as taxable income. In order to help called workers absorb this tax hit, synod compensation now calls for a one-time addendum to the called worker's compensation. The add-on amount is a percentage of the moving cost and is calculated at 27.3% for ministers of the gospel. The amount is paid to the called worker as compensation in the year the tax liability is incurred.

Pastor/Teacher mentoring

We are strongly committed to the success of our graduates, so a new graduate from Wisconsin Lutheran Seminary or Martin Luther College will be assigned a mentor. Congregations that are assigned a **pastor** will be asked to contribute **\$1000 annually for three years** to enable their pastor to participate in the Pastor Partners Mentoring Program. Wisconsin Lutheran Seminary invoices congregations for the cost of this mentoring program. The cost for the **teacher** mentor program is charged to the congregation at the rate of **\$1,000 per year for two years**. The Commission on Lutheran Schools invoices congregations for principal and early childhood director mentoring. Martin Luther College invoices congregations for all other new teachers through the New Teacher Induction Program.
