

Floor Committee 18: Northwestern Publishing House and Publication Coordinating Commission

Subject: Publication Coordinating Committee

Report No. 2

The Publication Coordinating Commission (PCC) coordinates the publication plans of our synod's various boards and commissions. The PCC recently allocated subsidy for the production of five theological books for pastors, but lacks sufficient funds for many other projects.

The PCC helps fund necessary Northwestern Publishing House (NPH) publications for our pastors that would not otherwise be produced. There will be an ongoing need for these types of pastoral resources. Since NPH does not recover the total costs for these projects, we note the urgency of the PCC to receive funding from the Unfunded Priority List (p. 79 BORAM).
