Report No. 02

We are thankful to our gracious God for the steps taken by Northwestern Publishing House (NPH) in response to the COVID-19 pandemic. These steps have allowed NPH to continue providing meaningful support that has addressed the needs of our churches, schools, and WELS members. These steps include providing digital worship, devotional, and Bible study resources; launching Faith Care Packages, discounting certain materials; extending payment terms for churches and schools; offering wellness supplies; and more.
